Omni Hybrid MAXX

Combination of Hybrid Lower and Hybrid Upper

The OMNI HYBRID MAXX features a fully-patented metal reinforced polymer upper receiver along with a fully-patented metal reinforced polymer lower receiver.

Patented OMNI Hybrid MAXX Upper

Metal-reinforced polymer upper receiver

Lightweight with durability of a forged aluminum upper

Metal insert to reinforce critical areas

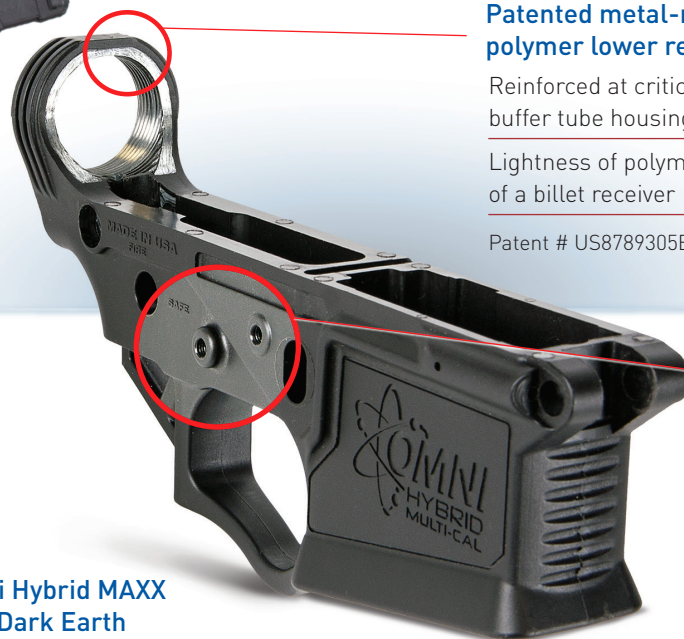

Patent # US9068786132

Multi-Caliber, 5.56mm, 300BLK, 22LR, 6.8 SPC

Accepts all Mil-Spec parts

Only 1/2 a pound! (8 ounces)

Lifetime Warranty

Patented metal-reinforced polymer lower receiver

Reinforced at critical point of buffer tube housing

Lightness of polymer with stability of a billet receiver

Patent # US8789305B1

Patented inter-lock hammer and trigger pin retainment system

Prevents movement from the hammer and trigger pin during firing.

American Tactical AT-47

The AT-47 is a 7.62x39mm Rifle assembled in the USA by American Tactical. Made from Zastava M70 parts kits sourced from Serbia, the AT-47 features a US made receiver and barrel. All of the Zastava parts in each AT-47 originated in one complete rifle. Each rifle was de-milled and packaged as a parts kit individually to keep original matching parts together on each US assembled rifle. Featuring the original fixed stock, the AT-47 is functional in both the field and in close quarter situations.

OMNI Hybrid .410 Shotgun **NEW** for 2017!

The ATI Omni Maxx .410 shotgun is a gas operated, short stroke, balanced piston system designed to use 2.5" .410 shells. It functions with a wide variety of .410 loads from bird shot to slugs. The complete rifle will be built on ATI's Omni Hybrid lower with a six position adjustable stock. The upper handguard will be a 13" free floating keymod rail. The shotgun will be available as both a complete unit as well as a separate upper receiver assembly.

Item: ATIGOMNI41LTD	

.410 Magazines (patent pending)

The OMNI Hybrid MAXX .410 magazines are newly designed and proprietary to ATI's shotgun. They feature a design which allows maximum use of the magazine well in order to feed 2.5" .410 shells.

[Each .410 MAXX Shotgun will come with a 5RD magazine, however 15RD magazines will be sold separately]

Alpha Shotguns

American Tactical's v Alpha Shotguns have two different models available, Alpha Field and Alpha Sport.

Alpha Field is made for hunting, with a stock and forearm made of Turkish Walnut and a 28" barrel that operates on a Semi-Auto Inertia recoil system.

The Alpha Sport is built for sport shooting. It has a polymer stock and forearm on a 26" barrel. The Alpha Sport has a thin forearm, the sleek narrow design allows the shooter to improve their grip. A wide vent rib and a fiber optic front sight, makes it easy to have fast target acquisition.

FIREPOWER XTREME

American Tactical's latest patent, the FXH-45, is sure to change the way you see 1911 style handguns. Our expertise in metal infused polymer frames, transferred over to the handgun world and is taking it by storm. The FXH-45 features all the bells in whistles that your high end 1911 would have and a few more features for much less. Our steel Slide comes factory cut for red dot optics. We currently have mounts for Trijicon RMRs, Burris, and Docter sights. The iron sights are glock pattern for maximum customization. Weighing only 27.5 ounces, this new age 1911 is sure please!

Firepower Xtreme Steel 1911

1911 fans will surely take notice when they see the attractive new pricing of the proven Firepower Xtreme series. Our classic line of 1911s includes military and G.I. models, each styled with all steel parts and solid mahogany grips. Compatible with many different brands of 1911 magazines and parts as well. Some parts may need fitting to function properly.

GSG Firefly **NEW for 2017!**

The newest pistol offering from German Sport Guns is the GSG Firefly. Featuring a polymer frame chambered in 22LR, the Firefly is 90% the size of a SIG SAUER P226® and the ideal choice for hours of shooting fun. The Firefly features a wear-resistant polymer frame outfitted with an integrated accessory rail. The slide features adjustable sights, and along with the rugged blowback system, fixed barrel and superior ergonomic grip, the GSG Firefly delivers incredible accuracy. Additional safeties include an internal locking device and slide mounted ambidextrous safety.

Lucas Oil Outdoor Line

All firearms shipped from American Tactical contain a sample of Lucas Oil. In addition, our guns are assembled using Lucas Oil Products in our production facility.

In late 2014, the Lucas Oil Outdoor Line was developed to offer the absolute best firearm care products available at a reasonable price. The Outdoor Line products offer the easiest and best way to clean, lubricate and protect your firearms.

Lucas gun oil is a special blend of oil and petroleum-extracted additives. It can be used to waterproof, rustproof, or cut through rust that's already taken place. This gun oil is an excellent polishing compound for stainless steel and also resists fingerprints.

American Tactical provides warranty services, parts and repairs for our products. If you believe your American Tactical product or American Tactical brand product needs service, please email TechService@AmericanTactical.us. In said email, be sure to provide: make, model, serial number, and caliber of the firearm in question; as well as the owner's name, address, city, state, zip, email address and phone number. One of our representatives will assist you and provide further instructions. All returns for service or repair require a Return Authorization (RA) number to be issued by an American Tactical representative. An American Tactical representative will send an RFID tag via USPS along with instructions on shipping the firearm. No returns for service will be accepted without an American Tactical issued RA number written clearly on the outside of the package and a RFID tag attached to the firearm. Any items received without an American Tactical issued RA number will be returned to the sender without action. Service time frame may vary due to service queue and availability of parts from various manufacturers. It is the responsibility of the consumer to ship any firearms or

products to American Tactical for service. All firearms must be

American Tactical Warranty, Service Policy & Procedure.
American Tactical has a lifetime limited warranty on all products.

registered on-line at www.AmericanTactical.us before an American Tactical representative can issue a return authorization number. If an item is outside of warranty coverage, an American Tactical representative will contact you before further action is taken. If you are returning a pistol, they are not mailable through the United States Postal Service and must be shipped via common or contract carrier. (18 U.S.C. §§ 1715). All firearms returned to American Tactical for service can only be shipped back to the original senders address. Change of return shipping address once received is not authorized.

RETURN POLICY: all returns for service or repair require a Return Authorization (RA) Number, to be issued by an American Tactical representative. No returns for service or credit will be accepted without an American Tactical issued RA Number written clearly on the outside of the package. Any items received without an issued RA number will be returned to the sender without action.

FREIGHT/TERMS: Full freight allowed 15 days. Net invoice 30 days. All surplus products are exempt from freight allowance policy.
